all about our dance family!

My name is Jana Owen and I am the owner and director of Midwest Dance Mechanix (MDM). Dance has been my passion since I first discovered it at the age of nine. After spending some time dancing professionally, I discovered that my true passion lies in teaching and helping students of all ages discover their own unique potential. At MDM, we consider ourselves a FAMILY. A dance family where dancers are supported and encouraged to accomplish their goals in a nurturing and positive environment. We set our standards high and believe in recognizing each student for their individual accomplishments and progress. Teaching and building a strong foundation of technique across all dance disciplines is fundamental to our curriculum and mission. In short, we believe that dance training is **life training** and that the benefits a student receives from dance training extend far beyond the studio doors. I invite you to learn more about what makes Midwest Dance Mechanix special and am honored you are considering becoming a part of our dance family ♥

WHAT MAKES MDM SPECIAL?

- ✓ **TECHNIQUE FOCUSED CURRICULUM:** All of our classes use a progressive curriculum that focuses on building a strong foundation of proper technique. Learning how to accomplish skills in the proper way ultimately helps dancers achieve greater success and avoids the potential for injury in the future. We would rather something be done right than showy!
- ✓ **QUALIFIED AND WELL TRAINED INSTRUCTORS:** All of our instructors are college educated and highly trained within their specific dance discipline. MDM provides ongoing professional development to all of its instructors biannually and commits to employing instructors who are dedicated to personal growth and excellence in dance instruction.
- ✓ **HIGH STANDARDS IN A NURTURING ENVIRONMENT:** We want dance to be the very best part of our dancers' lives! We want to challenge them to grow physically, mentally and emotionally through dance and we believe that this is best accomplished in a nurturing and supportive environment. We recognize and celebrate individual progress over perfection and genuine effort over precise execution. It is our job to guide dancers to recognize their strengths and to help them learn to grow from their challenges. This is the beauty of how dance training becomes life training!
- ✓ **COMMITMENT TO HEALTH & SAFETY:** We are fully committed to providing a safe and healthy environment in which dancers can maximize their potential. This commitment to health and safety includes both the physical and mental health of our dancers as well as the space in which they train. We provide ongoing education related to important subjects such as injury prevention, body image, nutrition, growth mindset, and more.
- ✓ **INDIVIDUAL FOCUS:** Through the use of individual progress sheets, biannual student evaluations, and individual goal setting, we are able to help each student grow and develop at their own pace and in a manner that allows them to be challenged as well as experience success. Through these tools, our instructors are able to build individual relationships with dancers and are invested in their individual progress. We want to help each dancer **discover their own potential!**

ages 4 - 6

Tiny Dancer Sampler is the perfect class for little ones who want to try it all! This fun, introductory class rotates weekly through six exciting dance styles—Ballet, Tap, Jazz, Hip Hop, Acro, and Dance Team—giving dancers a chance to explore each one. With a new style to discover every week, Tiny Dancers will build confidence, learn new skills, and find their favorites while having a blast!

TINY TUMBLERS

ages 3 - 5

Beginning Acro builds strength, flexibility, and coordination through fun, skill-based activities! Using the Acrobatic Arts progressive curriculum, dancers learn foundational skills like pike position, skipping, pre-cartwheels, and pliés while developing balance, cooperation, and confidence. Through imaginative play and repetition—not back handsprings—young movers gain a strong foundation on and off the mat.

KINDER-POM

ages 4 - 6

Kinder-Pom is a fun, high-energy class for kindergarteners to explore the basics of jazz and pom dance! Dancers build rhythm, coordination, and technique through imaginative games and routines featuring kicks, jumps, and turns—complete with colorful pom-poms for extra sparkle. This class is a great introduction to styles not offered in the preschool program and pairs perfectly with Ballet/Tap or Jazz/Hip Hop combo classes.

studio fun & extras all year

At MDM, it is important that our studio be a place that provides access to lots of different types of "extras": parent educational classes, FUN dress up days and theme weeks, camps, social events & extra performance opportunities. Below are some of the programs & performances that we are proud to offer each year.

★★★★★
We love MDM!

"The instructors are amazing and always have the dancers best interest in mind. The environment is encouraging and supportive and they provide amazing technique training. We are so appreciative of all the opportunities that are provided for the dancers and the support they receive in reaching for their dreams."

★★★★★

"This studio is like a home away from home for my daughter! The instructors are amazing, the students are so kind and fun-loving, and the parents are supportive! We couldn't ask for a better dance family or better people to be role models for our daughter. If you aren't dancing at MDM, you should be!"

“Thanks to Midwest Dance Mechanix, my daughter has grown beyond our dreams, not only in dance but as a human too. She has learned about teamwork, sportsmanship, humility and pride. The teachers at MDM are professionals with a focus on technique that you will find no where else in the state.”
