

WHAT MAKES MDM SPECIAL?

-  **TECHNIQUE FOCUSED CURRICULUM:** All of our classes use a progressive curriculum that focuses on building a strong foundation of proper technique. Learning how to accomplish skills in the proper way ultimately helps dancers achieve greater success and avoids the potential for injury in the future. We would rather something be done right than showy!
-  **QUALIFIED AND WELL TRAINED INSTRUCTORS:** All of our instructors are college educated and highly trained within their specific dance discipline. MDM provides ongoing professional development to all of its instructors biannually and commits to employing instructors who are dedicated to personal growth and excellence in dance instruction.
-  **HIGH STANDARDS IN A NURTURING ENVIRONMENT:** We want dance to be the very best part of our dancers lives! We want to challenge them to grow physically, mentally and emotionally through dance and we believe that this is best accomplished in a nurturing and supportive environment. We recognize and celebrate individual progress over perfection and genuine effort over precise execution. It is our job to guide dancers to recognize their strengths and to help them learn to grow from their challenges. This is the beauty of how dance training becomes life training!
-  **COMMITMENT TO HEALTH & SAFETY:** We are fully committed to providing a safe and healthy environment in which dancers can maximize their potential. This commitment to health and safety includes both the physical and mental health of our dancers as well as the space in which they train. We provide ongoing education related to important subjects such as injury prevention, body image, nutrition, growth mindset, and more.
-  **INDIVIDUAL FOCUS:** Through the use of individual progress sheets, biannual student evaluations, and individual goal setting, we are able to help each student grow and develop at their own pace and in a manner that allows them to be challenged as well as experience success. Through these tools, our instructors are able to build individual relationships with dancers and are invested in their individual progress. We want to help each dancer discover their own potential!
