## SUMMER.2024

Did you know that research confirms that dance training has cognitive, emotional, social AND physical benefits for children?!

Children who take dance classes learn valuable skills such as teamwork, self-expression, discipline, respect, memory skills and more; while at the same time making new friends and increasing their flexibility and strength!

We are proud to offer a wide variety of FUN classes designed especially for "Tiny Dancers" ages 18 months - age 5. Our classes use a progressive curriculum and include individual feedback and progress sheets for dancers, age appropriate and motivating music, and lots of imaginative and creative movements that are sure to delight the tiniest of dancers!
